about us...

a little more about Wrendale DESIGNS

Wrendale Designs started life on a kitchen table in Melton Ross, Lincolnshire. From humble beginnings, it has become a globally recognised, multi-award-winning brand of best-selling giftware, well known for the characterful illustrations.

Artist Hannah Dale grew up in the beautiful countryside of the Lincolnshire Wolds. Having always loved nature and wildlife, she studied Zoology at Cambridge University before embarking on a career as a stockbroker in London. However, fate had other ideas and a few months before packing her bags for the Big City, she met Jack, a farmer in her home county. After five years of commuting from London to Lincolnshire, they married and Hannah moved back home. With a little one soon on the way, Hannah finally had some time to indulge in her passion for painting. While studying for her degree, Hannah had passed the time during hours of fieldwork with a sketchbook, painting animals and birds from life. She took this experience with her and believes that it has resulted in her unique ability to capture the character and personality of the subjects in her paintings.

Having successfully sold her work to local shops, she came upon the idea of launching a range of greeting cards and

hasn't looked back since. The cards were immediately popular, soon becoming a 'must-have' brand and establishing a loyal fan base of customers who love the designs. Since then, the range has been expanded to include beautifully designed, high-quality stationery and Wrendale has won six 'Henries' awards — the most prestigious in the UK greeting card industry. A license with Portmeirion also sees Wrendale images appearing on Royal Worcester mugs and a variety of other kitchen items — a collaboration that continues to expand successfully.

With the growing success of the business, Jack took a big step and left the family's farm in order to run the business full-time.

Hannah now focuses on the artwork and a lovely team, headed by Jack, is in place making sure that everything runs smoothly. Wrendale Designs prides itself on the quality of its products above all else. The cards are all printed on textured, high-quality board and the stationery often features extra details that make the products just that little bit special. The paper, sourced from a mill in the Lake District, is certified by the Forestry Commission and the cards are also printed locally.

We continue to expand our collection with exciting new product categories and as always, beautiful new card designs. We hope that you and your customers will find something they can fall in love with.
