Luxury Soaps,
Toiletries & Candles

MADE IN ENGLAND

Our story

The English Soap Company story began in 2000, when founders Bob & Juliet discovered a number of vintage soap moulds lying disused in a machinery workshop in Kent.

Inspired by their discovery, Bob & Juliet spent many years perfecting the art of soap making and perfumery to make the perfect soap. A soap bar smooth and silky in texture, that moisturises rather than dries the skin, and above all is effused with a luxurious designer perfume that lasts until the end of the bar.

As the business grew Bob & Juliet moved their soap operation out of their kitchen and on to a local farm in the Sussex countryside. From here the business grew from strength to strength as demand for their soaps increased.

The English Soap Company still makes all of their products on the same farm site in the heart of the English countryside, in beautiful Waldron, East Sussex.

Sustainable Packaging

Family Business

Since the birth of The English Soap Company 20 years ago, we have always prided ourselves on our philosophy towards sustainability, and continue to strive to improve our products, packaging and working methods, to reduce our carbon footprint, and make the planet a better place.

We will always look to source our raw materials and ingredients as locally as possible. This reduces our carbon footprint as well as supporting the local rural economy, two things that we are passionate about. Examples of locally sourced materials include our paper packaging, perfumes, brochures (like this one!) and our corrugate.

We endeavour to be sustainable in everything we do. We are proud to say that all soaps made by us are in completely plastic free packaging, using either paper wraps or board, both of which are fully recyclable. Our Kew Gardens hand creams come in luxurious aluminium tubes which are easily recyclable and far more environmentally friendly than plastic alternatives.

We recycle as much as possible. This means we will buy ingredients and raw materials that are recyclable whenever possible. We also reuse packaging material. For example, rather than bring in additional material to protect online orders we will reuse what we already have. When cardboard is no longer suitable for use, we arrange for it to be collected for recycling.

Beautiful inside and out

What goes into our products is super important to us, as is the packaging they're wrapped in.

All of our products are lovingly designed right here on site by our in house creatives team. Each product has its packaging carefully considered, from what material to use to what artwork we choose to really show them off.

Every collection is unique. We even hand illustrate some of our collections, for products that can tell their own story and compliment the fragrance inside.

This creates an eclectic mix of styles and fragrances to appeal to a wide audience with a variety of tastes.

We take pride in the whole process; from fragrance development and design, to production and packing, all the way to the final delivery.

All of our soaps are made using pure vegetable oils to create a luxury soap bar that will leave the skin feeling soft and fresh.

Our perfumes are made in England by expert perfumers and have been specifically designed for The English Soap Company.

Our candles are hand poured using soy wax for a beautifully even burn.

All of our toiletries are SLS and Paraben free.

What's new?

We've gone digital

With 2020 throwing somewhat of a curveball, here at The English Soap Company we have learnt to adapt with the times. We are continuously increasing our digital presence to enable our loyal customers to stay in touch with what we are doing, as well as continuing to purchase what they need.

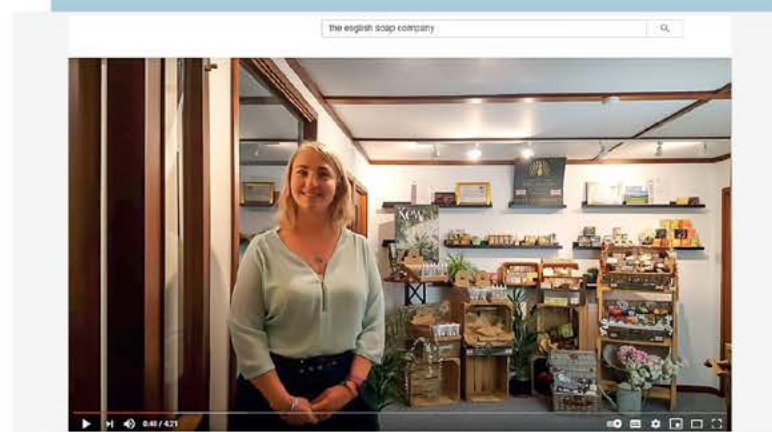

As part of this digital endeavour, we have begun taking part in online trade fairs, such as Spring Fair, Cosmoprof and Autumn Fair. So keep your eyes peeled for the next trade fair and we will "see you there"!

In another exciting development this year, we have been working on a new way for you to place your trade orders online, and as soon as we're up and running, you'll be the first to know!

We also now have a YouTube channel where we regularly upload videos showcasing our products and give you more insight into what we've been up to.

All of our brochures are now available digitally. If you would like a full pack of our digital content, simply get in touch.

Last but not least, 2020 saw us launch our brand new website. Shining the spotlight on all of our beautiful products, you can now navigate through each of our collections to find exactly what you're looking for with ease, or even discover something new.

The English Soap Company Luxury Hand Wash

With regular hand washing becoming more of a necessity than ever before, this year we decided to branch out from our ever popular, classic soap bars and provide our customers with more variety for keeping hands clean and pampered.

Available in five of our favourite fragrances, these 500ml luxury hand washes will leave your skin smelling beautiful and feeling cleansed.

Wrapped in elegant prints inspired by nature, this luxury hand wash is the perfect size to adorn any kitchen or bathroom.

The English Soap Company 'Take Care' Collection

In 2020 we released our 'Take Care' soap range, featuring four soap bars enriched with carefully selected ingredients, to aid more specific skin types and issues.

We have now expanded the collection to include hand cream, hand wash, body wash and hand sanitiser.

Taking care of the skin is one of our top priorities, so why not complete the full personal skin care regime with one of our specially formulated, cruelty-free products.

The English Soap Company 'Take Care' Collection Hand Sanitiser

As part of the 'Take Care' collection, we have also developed a hand sanitiser spray and gel.

The 100ml sanitiser spray is a perfect 'on-the-go' companion, convenient enough to pop in your coat pocket or bag, or to keep on your desk at work. The 500ml sanitiser gel is ideal for the main sanitising station, at home or in the workplace.

We have added Aloe vera and vitamin E to help protect your hands from drying out too much.

** Label and liquid colours may vary

The Anniversary Collection

In 2020 we celebrated our 20th anniversary. To mark the occasion we released a brand-new collection of soaps which has quickly proven to be one of our most popular ranges of soap yet. With 17 gorgeous fragrances to choose from, each bar is delicately wrapped in colourful, contemporary-designed paper, offering an eclectic mix to suit a variety of tastes.

The Mythical & Wonderful Animal Collection

With original hand-illustrated packaging created by our in-house designer, this collection of soaps will bring a smile to anyone's face, making them a perfect gift for a loved one or as a special treat for yourself.

Each soap comes with a heartfelt message on the side of the bar to give that extra meaningful touch.

Infused with our 'Enchanted Earth' fragrance, these soaps are bursting with fruity top notes of apple, kiwi and peach. Lilac, rose and freesia then combine with base notes of musk, vanilla and orris, to transport you to a mythical land where you will meet all our wonderful creatures and animals.
p.s. Kids love them too!

Luxury Gift Soaps & Candles

In this collection there are over 20 fragrances to choose from. Whether it's fruity, floral, woody, exotic or festively scented, each of these generously perfumed products last right until the very end of the bar or burn time. The soaps are pure vegetable and enriched with shea butter to nourish and moisturise. This collection is vegan friendly, cruelty free and packaged in fully recyclable materials.

'Take Care' Collection

In 2020 we released a selection of 190g soap bars aimed at catering to those with more specific skin types.

With these bars proving so popular, we are pleased to introduce a further selection of products to compliment this collection.

Using the same variety of special ingredients, our 'Take Care' range now also includes hand wash, body wash, hand creams and hand sanitisers.
