Caring for Candles

- Never leave a burning candle unattended.
- Trim wick to 5mm prior to lighting. If the candle smokes, extinguish and trim the wick.
- Keep candles free from matches and other flammable materials.
- Burn only on a stable and heat resistant surface.
- Keep out of the reach of children and pets.
- Do not burn the candle in a draft. Do not touch or move a candle while burning, or if the wax is hot.
- For best results burn the candle for 4 hours at one time.
- Candles should be burned away from other heat sources such as television sets or direct sunlight.
- Ensure candles are placed at least 4" (10cm) apart.
